DEVELOPING INDEPENDENT LEARNERS

With the traditional focus on examination success being prevalent in Indian classrooms to date, it would be correct to say that more focus has been on teacher delivery than on learning and development. The NCF has given opportunity for this to change and one of the most urgent needs is the development of independence in the learner themselves. This course is designed to give teachers practical advice and activities to develop independence and accountability in the students they teach.

COURSE CONTENT

- Confronting learned behaviours and expectations
- The not mine but yours approach to learning
- Challenge, change and champions – the independence journey
- Open ended tasks – allowing the learner to amaze you
- Feedback and assessment – the learning conversation

**THIS COURSE CAN ALSO BE RUN IN SCHOOL FOR ALL RELEVANT STAFF.

We hope that you enjoy your day and find your new skills useful upon your return to school.
